

The Path of a Big Mac Words

absorbtion
amylase
anus
bile
bolus
carbohydrates
cardiac sphincter
chemical digestion
chyme
colon
common bile duct
cystic duct
digestion
duodenum
emulsify
epiglottis
esophagus
gall bladder
gastric mucosa
hard palate
hepatic duct
hydrochloric acid
ileum
jejunum
lactase/maltase/sucrase
large intestine
laryngopharynx
lipase
lipids/fats

liver
mechanical digestion
mesentary
mouth
oropharynx
pancreas
pancreatic fluid
parotid gland
pepsin
peristalsis
PH changes, acid/base
protease
proteins
pyloric sphincter
rectum
rugae
saliva
salivary glands
small intestine
sodium bicarbonate
Stensen's duct
stomach
sublingual gland
submandibular gland
teeth
tongue
villi
vitamin K
water absorbtion
