For Study/Help/Review/Testing

5 Steps To Success In LoganScience:

1. **Show up** “85% of success is showing up!”
 - a. Attend *Chapter Tours & Labs*
 - b. Attend seminars or make-up seminars
2. **Use www.loganaskwhy.com**
 - a. Check the seminar schedule, coursework and your grades.
 - b. Review the notes/review/handouts, the links, the videos.
3. **Read** “Reading is not an optional activity”
 - a. Read the chapter before the seminar; look at the diagrams and pictures.
 - b. Read and follow the procedures to the labs, activities and projects.
4. **Do the work** “Surrender and admit you will have to put in some effort and practice!”
 - a. Do not rely on others for answers.
 - b. Hand in all reviews, labs, worksheets, essays and tests.
5. **Come in for help and review** “Don’t be shy! Come in & we’ll go through the material!”
 - a. Practice the *Minerals* and the *Rocks*
 - b. Revisit the material before testing.
 - c. If you know the material, come in and demonstrate it. (you may earn units)

Week 1
<ul style="list-style-type: none"> ∅ Chapter 3 Topics ∅ Chapter 3 Worksheet ∅ Crystal Systems Lab ∅ Chapter 3 Test @70%
Week 2
<ul style="list-style-type: none"> ∅ Chapter 4 Topics ∅ Chapter 4 Worksheet ∅ Specific Gravity Lab ∅ Chapter 4 Vocab Quiz ∅ Mineral Lab ∅ Mineral Lab Questions ∅ Mineral Practical ∅ Chapter 4 Test
Week 3
<ul style="list-style-type: none"> ∅ Chapter 5 Topics ∅ Chapter 5 Worksheet ∅ Igneous Rock Lab ∅ Sedimentary Rock lab ∅ Metamorphic Rock Lab ∅ Rock Practical Test ∅ Chapter 5 Test @70%
Week 4
<ul style="list-style-type: none"> ∅ Chapter 13 Topics ∅ Chapter 13 Worksheet ∅ Convection Current lab ∅ Plate Tectonic Essay 1 ∅ Plate Tectonic Essay 2 ∅ Plate Tectonic Essay 3 ∅ Geology Final Test @ 70%
